

FLEET SERVICES

GEORGIA
DEPARTMENT OF CORRECTIONS

MISSION

To protect Georgians by operating secure facilities and providing opportunities for offender rehabilitation.

Tyrone Oliver, Commissioner

Alan Watson, Chief of Staff

Peter Adams, Assistant Commissioner Administration & Finance

Fleet Services plans, implements, and coordinates the day-to-day vehicle operations and administrative functions to support the Georgia Department of Corrections. Fleet Services utilizes offenders for vehicle repairs; therefore, producing no labor cost on taxpayers. Offenders who meet classification requirements for On-The-Job Training (OJT) Program for Automotive, and/ or Auto Body Repair can work to earn industry-recognized certifications in the following areas: Inter-Industry Conference on Auto Collision Repair (I-CAR) Platinum Certification and Automotive Service Excellence (ASE) Maintenance and Light Repair (MLR) Certification. Located in Forsyth, GA, we are the 3rd largest fleet of vehicles in the state, totaling more than 1,500 vehicles.

RESPONSIBILITIES

- Provide overall coordination, direction, and management of the Motor Vehicle program for GDC and GCI
- Advise Executive leadership regarding vehicle compliance, purchases, maintenance and repair to ensure departmental vehicle operational requirements are planned and synchronized as directed
- Maintain compliance with DOAS and OPB rules and guidelines and update policy as required
- Maximize cost savings opportunities through effective vehicle maintenance, repair, and services
- Coordinate the Automotive Academy and Fleet Reentry Programs

FACILITY STRUCTURE

- 13 oversized service bays
- Complex encompasses 19.27 acres of land, of which 15 acres are developed
- 19,060 square feet, 16,324 square feet of service bay space and 2,376 of office space

OFFENDER REENTRY PROGRAMS

- The Automotive Academy enables offenders to advance current skills and knowledge with the opportunity to receive an Automotive Service Excellence (ASE) and paint/body certification through hands-on training & classroom instruction
- Offenders assigned to the Fleet work detail learn On-The-Job-Training while providing service and repair to GDC vehicles
- Both reentry programs provide offenders with the tools necessary to succeed in the fast-paced modern automotive industry
