<p>36. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</p>	<p>The institutional count the first day of the on-site audit was 189. According to the PREA Auditor Handbook this requires a minimum of 20 inmates (10 random and 10 targeted) to be interviewed. Twenty random inmates were interviewed.</p> <p>The Auditor used the alphabetical housing unit rosters of inmates to randomly select inmates from various age groups, ethnicities, and races. The Auditor randomly chose inmates from varying housing units to interview, ensuring diversity in age and race.</p>
<p>37. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

38. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):

The institutional count the first day of the on-site audit was 189. According to the Auditor Handbook with a population of 189, the auditor shall interview a minimum of 10 random inmates and 10 targeted inmates. Twenty random inmates were interviewed. These were inmates that were not part of the targeted inmate interviews. The Auditor used the alphabetical housing unit rosters of inmates to randomly select inmates from various age groups, ethnicities, and races. The Auditor randomly chose inmates to interview, ensuring diversity in age, race, and length of sentence.

During the on-site tour, the Auditor had several conversational encounters with inmates regarding sexual safety, including education, reporting, communication, responses, etc. This information was used to supplement the overall audit information gathering process.

At the beginning of each interview the Auditor made clear to the inmate why she was at the facility, what her role was in the PREA process and explained why interviews were needed. The Auditor also discussed the inmate's participation as voluntary and while helpful, was not required or mandated in any way. The Auditor then asked if the inmate wanted to participate and if so, could she ask a few questions. The Auditor would then ask the protocol questions.

All random inmates willingly participated in the interview process. All responses were recorded by hand.

During the random interviews, no PREA issues were revealed, no other interview protocols were accessed. All random inmates responded they were aware of the zero-tolerance policy, they knew how to report an incident, they felt they could report anonymously, they knew they had a right to be free from retaliation.

Targeted Inmate/Resident/Detainee Interviews

39. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>

40. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	<p>The staff reported zero inmates in this targeted category were assigned to the facility. Nothing was observed during the facility tour, document review or interviews to make the auditor belief otherwise. Therefore ,zero inmates in this category were interviewed for this audit.</p>

63. Provide any additional comments regarding selecting or interviewing specialized staff.

There were no problems in selecting specialized staff. Specialized staff were selected from the staff roster, who were available during the on-site audit who were also not a staff member interviewed as a random staff member.

Using the list of specialized staff provided, the Auditor was able to select individuals for interviews. All specialized staff provided answers which were based on the line of questioning on the specific interview protocols for their position and responsibilities. Some individuals filled more than one responsibility and were interviewed using multiple protocols.

During interviews with specialized staff, the Auditor learned PREA investigations can be initiated in several ways: "confidential" letters can be mailed out of the facility, contacting the Office of Inspector General, calls to the PREA Ombudsman, written notes given to trusted staff, verbal reports, or through third party reporting. Additionally, any inmate or staff member may write a note, letter or any other type of correspondence and place it in any locked correspondence box located throughout the facility. When PREA correspondence is found inside the grievance box, the mailbox, the box for legal mail, etc. it is immediately directed to the PCM and is documented and addressed according to PREA Standards.

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

Colquitt County Prison (CCP) is in Moultrie, Georgia. It opened in 1954 and was renovated in 1991. It is located at 200 Vandenberg Drive, Moultrie, Georgia 31768. CCP is participating in the Prison Rape Elimination Act (PREA) audit conducted by a certified Department of Justice PREA auditor. The on-site portion of the audit occurred at the address stated above November 4-6, 2024. The assigned PREA auditor is an independent subcontractor, working for the primary contract holder for the Colquitt County Prison. Following coordination, preparatory work, and collaboration with management staff at the CCP, pre-audit work was completed prior to traveling to the facility for the on-site review portion of the Prison Rape Elimination Act (PREA) audit.

On the first day of the audit, the inmate count was 189, with a designated capacity of 190. CCP reported the average length of stay is 2 years and 260 days.

CCP is a minimum to medium-security level facility. The facility houses male inmates. The Colquitt County Prison (CCP) is located at 200 Vandenberg Drive, Moultrie, Georgia 31768. The mission of CCP is to provide housing for state and county offenders. These offenders provide a general labor force supporting Colquitt County Government. CCP is a medium security county facility, housing both medium and minimum-security level male offenders. The facility has the capacity to house up to 190 adult male felony offenders for the Georgia Department of Corrections (GDC) through an interagency agreement with Colquitt County.

Offenders assigned by the GDC to county facilities are close to the end of their sentence and perform various work details for the county, inside and/or outside the facility. Because of the work expectation, offenders do not usually have chronic or acute medical conditions, mental health conditions and are able to speak English. Because of the community work details, sex offenders do not participate in the program. These work details

include labor for road maintenance, skilled machine operators, county government building maintenance and building construction.

Georgia State Patrol Inmates also participate in work details in the prison. These details can include the barber shop, building maintenance, janitorial services, kitchen, and laundry.

In addition to work details, the facility offers a variety of programs and services. Some of these programs are General Education Diploma (GED), counseling, general recreation, worship service and spiritual growth, vocational OJT such as food service, heavy equipment operator, building maintenance, auto maintenance and laundry services.

The facility has twenty-four allotted staff positions, including security, administration, and plant operations. Nineteen of the twenty-four positions were filled with staff who may have contact with inmates.

The facility operates three shifts, two security shifts which are twelve hours each and a split shift that operates Monday through Friday during regular business hours. Minimum staffing levels on each shift are two officers and a supervisor, however the typical staffing pattern is one shift supervisor and three correctional officers. One officer is assigned to the main control room. The other officers are rovers, making checks of each dorm throughout the shift.

Health care and food services are provided by contract. The facility houses inmates in four open bay dorms housing up to fifty-five inmates in each dorm. The dorms and other areas are in direct view of the main control room, situated in the middle of the hall in the secured housing and functional areas. Each dorm has a day room with three phones. They each have a total of five cameras, four inside the dorm and one in the day room. Each dorm has a Kiosk enabling inmates to email family and the Georgia Department of Corrections PREA Unit to report allegations for sexual

abuse or sexual harassment. Showers and toilets provide minimal privacy with half walls. The facility has twelve segregation or isolation cells. These cells are used for inmate security, disciplinary segregation, medical segregation, and behavioral issues. The hall to segregation has a window to facilitate viewing. There are two cameras at each end of the segregation hall. Each cell has a toilet and a sink inside the cell. There are two showers outside of the cells, each with doors for privacy.

The facility is constructed in such a fashion that viewing inmates is facilitated by having a control room centrally located that enables the control room officer to view all the dormitories simultaneously as well as other areas. The open bay dorms are easily viewed from the control room and from the halls due to the front of the dorms is glass from floor to ceiling. Officers make frequent checks of the dorms. To aid in supervision and monitoring, the facility has seventy-seven video cameras, all monitored by officers in the main control room. Cameras are located inside the dorms for viewing. There are five cameras in each dorm. Four cameras inside the open bay dorm and one camera in the day room. The facility is linear in design in that offices are located on either side of a long hall. All inside facility doors, including offices, laundry and medical have windows to facilitate security and observation.

Health care is provided through a licensed practical nurse with medical services available during normal duty hours. Sexual Assault Forensic Exams are provided through the Lily Pad SANE Center. The facility does not have mental health counselors. Mental health is provided through a contract with Autry State Prison. General Population Counselors offer case management and conduct victim/aggressor assessments.

The auditor was escorted on a complete tour of the entire facility by the Deputy Warden/ PREA Compliance Manager.

Areas visited included, but were not limited to

the front lobby and entrance; administrative offices and conference room; medical area, medical offices and exam and treatment rooms; front control; dining hall; kitchen and food service office; dry storage areas; multipurpose room; GED office; law library; counselors offices; chief of security office; sergeant's offices; intake area; leisure library; isolation/segregation; main control; barbershop; ID room; laundry office and laundry; clothes storage; Deputy Warden of Care and Treatment office; storage room and shakedown building.

The facility's offices and functional areas are equipped with windows providing unobstructive viewing. Security cameras are strategically located throughout the facility to enhance staff supervision. All cameras are viewed in main control twenty-four hours a day. PREA Posters were observed in the administration area, each of the living areas, work areas, the food service area, laundry, and the multipurpose room. Each dorm has a kiosk for offenders to email anyone on their approved list, as well as the PREA Unit. Each dorm has phones enabling offenders to call family, make legal calls and to make calls to the Georgia Department of Corrections PREA Unit to report allegations of sexual abuse or sexual harassment. Living units are open bay dormitories with double bunks, housing a maximum capacity of fifty-five offenders. Each of the dorms has five cameras (four in the living area and one in the day room) that are monitored in the main control room. The dorms surround a rotunda main control room. The control room staff can view each dorm and other functional areas. The hall wall of each dorm is floor to ceiling glass, which enables the staff to observe the offenders in the dorm from the hallway. Bathrooms are in the back of each dorm, away from the hallway. Showers have a half wall providing minimal privacy. Toilets are separated with half walls as well.

The following are areas of the facility that were toured during the on-site audit.

HOUSING UNITS (4)

Dorm #1, #2, #3 #4 All dorms are mirror images of each other. Each dorm is in direct view of the main control room, which is situated in the middle of the hall in the secured housing and functional areas. Each dorm has a day room with three phones. They have five cameras, four inside the dorm and one in the day room. They have a Kiosk enabling inmates to email family and the Georgia Department of Corrections PREA Unit to report allegations for sexual abuse or sexual harassment.

The bathrooms are in the rear of the dormitory. There are seven sinks, three toilets and one urinal and four shower heads. There are cinder block pony walls between the three toilets, for privacy. The showers have floor to ceiling walls on three sides and a cinder block wall about 5 feet high on the open side. Privacy is sufficient to prevent other cross gender viewing.

OBSERVATIONS

During the facility tour, the Auditor observed appropriate PREA signage, including the Pre-Audit Notice. Basic PREA information was posted prominently. The PREA hotline numbers were posted on the walls by the inmate telephones. Multiple telephones were evaluated during the on-site tour and were found to be in working order.

Additionally, during the facility tour the Auditor looked at the facility lay-out, bathroom privacy, blind spots, placement of cameras, security mirrors, custodial staff to inmate ratio in housing units and on work assignments.

The facility has camera coverage in the most critical areas of the facility. This security is made more robust by security mirrors enhancing inmate supervision.

The Auditor was given unimpeded and complete access to all areas of the facility.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

70. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

☒ Yes

☐ No

71. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

Personnel and Training Files:

The PAQ represents 24 facility staff. There was a total of nineteen record reviews conducted on staff from various categories. The records were selected by randomly choosing names from the master staff roster. All records contained the required documentation, i.e., initial criminal history check, administrative adjudication, initial PREA education with acknowledgment form signed, PREA annual training and five-year criminal history check, when applicable.

Inmate Records:

The first day of the audit there were 189 inmates in the facility. The Auditor reviewed twenty-three inmate records regarding PREA education, chosen randomly from the master roster. All twenty-three (100%) inmates received PREA information during intake, and had comprehensive PREA education within 30-days of intake.

The Auditor reviewed twenty-three inmate records regarding risk assessments and reassessments, chosen randomly from the master roster. All twenty-three (100%) inmates had their PREA screening within 24 hours of admission. Twenty-three inmates were reassessed within 30 days of arrival.

Sexual Abuse and Sexual Harassment Allegations:

The facility reported one allegations of sexual abuse and zero sexual harassment allegations in the past twelve months. One sexual abuse investigative file and zero sexual harassment files were reviewed. The file was reviewed using the PREA audit investigative records review tool.

Investigation Files:

At the time of the audit, information received regarding the allegations of sexual abuse and sexual harassment during the prior twelve months revealed a total of one allegation reported.

At the time of the audit, information received regarding the allegations of sexual abuse during the past twelve months revealed a total of one sexual abuse allegations

reported.
The sexual abuse allegation was staff-on-inmate. It was investigated criminally. After criminal investigation, it was deemed unfounded. The inmate was notified of the investigation outcome in writing and the case was closed on the administrative level. The Auditor reviewed the one sexual abuse allegation file.

The agency has twenty-six contracts for the confinement of inmates that the agency entered into or renewed in the previous twelve months.</p>

PROVISIONS

Provision (a)

On the PAQ the facility reported the Georgia Department of Corrections (GDC) requires all entities who contract with them for the confinement of inmates to adopt and adhere to PREA standards. All agency contracts for confinement of inmates contain PREA specific language, expectations, and requirements. The facility does not individually contract for the confinement of inmates. The policy which addresses this is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, addresses Standard 115.12. It indicates any new contract or renewal with entities for the confinement of inmates shall adopt and comply with GDC policies and procedures (which include PREA). The agency contract administrator verified this.

The PREA compliance results for the contracts for confinement of inmates with other entities are managed by the contract manager in accordance with the verbiage of the contract that is in place with each entity. The agency contract administrator verified this.

Colquitt County Prison PREA Policy, Section 4.4, Contracting with Other Entities for the Confinement of Inmates, p. 7, indicates Colquitt County Correctional Institution does not contract with other entities outside of the Georgia Department of Corrections for the confinement of inmates in any circumstance. (See Colquitt County contract with GA. Dept. of Corrections for statement of PREA coverage).

The Warden Memorandum, Contract for Confinement with Other Entities, dated May 13, 2024, states at the present time, Colquitt County Prison does not hold any contracts with other entities for the confinement of inmates.

Provision (b)

The facility reported on the PAQ, all contracts for the confinement of inmates require the agency to monitor the contractor’s compliance with PREA standards. The facility also reported on the PAQ that there are zero contracts referenced in 115.12 (a)-3 that DO NOT require the agency to monitor contractor's compliance with PREA standards.

According to the Agency Contract Administrator, the policies and procedures of each contractor are reviewed to ensure appropriate adherence to the national standards. Each entity is contractually required to notify the GDC of any PREA allegation; as well as forward a copy of the allegation, investigation, and findings to the agency PREA Coordinator for review.

CONCLUSION:

Based upon the review and analysis of the available evidence, the Auditor has determined that the agency/facility meets every provision of the standard which addresses contracting with other entities for the confinement of inmates.

random informal conversations with staff, the staff acknowledged supervisors conduct unannounced rounds, with no warning to staff and document them in the logbook. This was verified by the Auditor through a random review of the several logbooks during the facility tour.

Random Staff

Through the interview process, random staff indicated supervisors tour their units regularly throughout each shift, converse with staff of all levels as well as inmates, and audit, review and sign logbooks. During the time, the Auditor was on-site; supervisors were observed walking and working in various capacities throughout the facility.

During the interview process, random staff acknowledged the prohibition of staff alerting each other when a supervisor is making their rounds.

Random Inmate

During the interview process inmates confirmed the PCM, and other supervisory staff routinely walk around and through the institution and are visible and available to all inmates.

PROVISIONS

Provision (a)

The facility reported on the PAQ that it has a has a staffing plan and the plan addresses each of the thirteen items listed in Provision (a). In addition, the facility Staffing Plan indicates it is the policy of the facility to ensure that all relieved posts are staffed at the times specified. The PAQ confirms the average daily number of inmates during the past 12 months has been 186. The Facility Head designee verified this.

The policy that supports this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 8, 3, indicates the Warden/Superintendent at each facility shall develop a written Staffing Plan in accordance with this SOP using Attachment 11, Staffing Plan Template. To enhance the supervision and monitoring of offenders, each facility shall document and make its best efforts to comply on a regular basis with the established staffing plan that provides for adequate levels of staffing, and where applicable, video monitoring, to protect offenders against Sexual Abuse. In all circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations on the daily Post Roster. Facility management staff will review these deviations on a regular basis, no less than annually, to identify the most common reasons for deviations. This information shall be used to adjust, as necessary, to the facility staffing plan. Completed plans will be forwarded to the PREA Coordinator for review and approval.

The Auditor reviewed the facility staffing plan and found it to be thorough. It covers

everything required by the standard. Additionally it documents the use of each building/department, camera coverage, the capacity and type of housing population of housing units, the hours the building/department is open (if it is not 24/hours a day), if inmates are allowed in the building/department and under what conditions, etc.

The facility 2024 PREA Staffing Plan, indicates that it is the policy of the facility to ensure all relieved posts are staffed at the times specified in the staffing plan and all gender-restricted posts, if any, are posted by male staff only.

The Warden Memorandum, Staff Deviation, dated May 15, 2024, states if there is a deviation of staff for a shift a notation should be written in the logbook of what officer did not come in and what officer would be working in their position for that shift.

The Auditor reviewed copies of the most recent annual PREA staffing report. The report was comprehensive and addressed each of the bullet items required according to Provision (a). On an annual basis, quality assurance audits are conducted to ensure compliance with the established staffing model. The staffing plan is predicated upon a daily facility inmate population of 186.

Provision (b)

The facility reported on the PAQ the four most common reasons for deviating from the staffing plan in the past twelve months as 1. Officers call in sick; 2. Officer family emergency; 3. Staff training; 4. Officer hospital detail.

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 9, 2, indicates In all circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations on the daily Post Roster. Facility management staff will review these deviations on a regular basis, no less than annually, to identify the most common reasons for deviations. This information shall be used to adjust, as necessary, to the facility staffing plan. Completed plans will be forwarded to the PREA Coordinator for review and approval.

Provision (c)

The facility reported on the PAQ that at least annually, the facility/agency, in collaboration with the PREA Coordinator, review the staffing plan to see whether adjustments are needed to: (a) the staffing plan, (b) the deployment of monitoring technology, or (c) the allocation of facility/agency resources to commit to the staffing plan to ensure compliance with the staffing plan. Revised plans are forwarded to the PREA Coordinator for review and approval.

Policy requires the staffing plan review be completed in consultation with the PC and other executive staff at least annually. The Auditor was provided with a copy of the most recent Annual Staffing Plan Review dated 06-23-2023. This review discussed the staffing plan, video monitoring and the resources needed to adhere to the staffing

pattern.

Policy requires an internal audit of the staffing plan to be conducted on an annual basis. This assessment is an extensive review of all areas of the facility to ensure adequate staffing levels exist where inmates may be present. Justification for the need for additional staff or modifications to the facility, to include the deployment of video monitoring equipment, is addressed on an annual basis.

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 9, 4, indicates no less than annually, each facility shall assess, determine, and document whether adjustments are needed to the established staffing plan. Revised plans shall be forwarded to the PREA Coordinator for review and approval.

The annual review of the staffing plan includes facility and department management level staff, such as the PCM and other institutional Executive Staff.

The Auditor reviewed shift rosters and was able to verify that an assigned staff member covered the mandatory posts.

Provision (d)

On the PAQ the facility reported that intermediate-level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. These rounds are documented in the unit logbook. Staff are prohibited from alerting each other and the unannounced rounds cover all shifts. The Auditor verified this by checking the unit logbooks during the facility tour.

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 9, 6, indicates intermediate-level or higher-level supervisors must conduct and document unannounced rounds to identify and deter staff Sexual Abuse and Sexual Harassment. Staff are prohibited from alerting other staff members that these supervisory rounds are occurring unless such an announcement is related to the legitimate operational functions of the facility. Unannounced rounds by supervisory staff, with the intent of identifying and deterring Sexual Abuse and Sexual Harassment, are required to be conducted every week, including all shifts and all areas. These rounds will be documented in the area logbooks. In addition, the institutional Duty Officer is required to conduct and document unannounced rounds at least once per week in all areas. These rounds will be documented in the local Duty Officer Logbook. Documentation shall include any findings of inadequacy pertaining to the sexual safety of all offenders.

Policy dictates all unannounced rounds are documented in the unit logbook. The logs reflected unannounced rounds are being conducted per the standard. This was confirmed through staff interviews and the review of several unit logbooks.

	<p>The Warden Memorandum, Unannounced PREA Rounds, dated May 15, 2024 states all shift supervisors are to conduct Unannounced PREA rounds at least once during your shift. These rounds are to be annotated in all logbooks with red ink.</p> <p>During the days, the Auditor was on site; numerous supervisors were observed walking and working in various capacities throughout the facility.</p> <p><u>CONCLUSION</u></p> <p>Based on the review and analysis of the available evidence, the Auditor has determined that the agency/facility meets every provision of the standard regarding Supervision and Monitoring.</p>

OBSERVATIONS

During the facility tour, when opposite-sex staff were observed entering a housing unit, they were heard making an announcement to alert the inmates someone of the opposite sex was on the housing unit. The Auditor was also announced by facility staff when entering inmate housing and restroom areas as she is the opposite sex.

During the facility tour, cisgender male inmates were observed on the facility property and in the facility itself. No transgender inmates were observed on the facility property or in the facility.

INTERVIEWS

Non-Medical Staff Interview (involved in cross gender strip or visual searches)

Through the interview process non-medical staff confirmed they do not conduct cross gender strip searches and cross gender visual body cavity searches. However, if exigent circumstances were to unexpectedly arise, any cross-gender strip searches and/or cross-gender visual body cavity searches would be approved by the Facility Head, conducted by medical staff and thoroughly documented.

Random Staff

There were informal conversations with staff as well as formal random staff interviews throughout the interview process. Random staff indicated:

1. They completed training for cross gender searches for exigent circumstances. The training is Day 1 of the In-Service Training.
2. Cross-gender strip searches or cross-gender body cavity searches do not occur at this facility.
3. They personally have not been involved in a cross-gender search.
4. There are sufficient male staff members available to conduct any searches that needed to occur, and that male staff would be diverted to address this issue if needed.
5. Female officers do not conduct strip searches or visual body cavity searches.
6. Transgender and intersex inmate search practices state that no searches would ever be permitted for the sole purpose of identifying an inmate's genital status.

7. When staff were specifically asked would transgender or intersex inmates be able to shower privately, the answer was affirmative.
8. When asked how this would be arranged, staff reported that most showers throughout the complex are individual shower stalls and provide privacy for each inmate. For those that are not, a different showering time would be approved.
9. Each staff member further indicated the transgender or intersex inmate would have the opportunity for input into the decision-making process of alternative shower times and the inmate's input would carry great weight in the decision-making process.

Random Inmate

Through the interview process 100% of the inmates acknowledged:

1. They have never been part of a cross-gender search
2. They can dress without being viewed by a member of the opposite sex.
3. They can shower without being viewed by a member of the opposite sex.
4. Opposite sex staff announce their presence when entering housing units and bathrooms.

Transgender Inmate

During the onsite audit there were zero transgender inmates assigned to the facility. Therefore, none were available for interviews regarding this standard.

PROVISIONS

Provision (a)

The facility reported on the PAQ that it does not conduct cross-gender strip or cross-gender visual body cavity searches of inmates. Subsequently, in the past 12 months, there were zero cross-gender strip or cross-gender visual body cavity searches of inmates. This was confirmed by random staff during the interview process.

During the onsite audit there were zero transgender inmates assigned to the facility. Therefore, none were available for interviews regarding this provision.

The policies that addresses this provision are listed below:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 10, 8, a, indicates the facility shall not conduct cross gender strip searches or cross gender visual cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioner.

2. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 226.01, Searches, Security, Inspections, and Use of Permanent Logs, effective date 05/27/2020, p. 6, d, states in part, transgender and intersex offenders gender designation will coincide with the prison assignment made during classification (at the Georgia Diagnostic and Classification Unit).
3. Colquitt County Prison PREA policy, Section 4.7, Limits to Cross-Gender Viewing and Searches, p. 8, indicates Colquitt County Correctional Institution employees will not conduct any cross- gender strip searches, cross-gender visual body cavity searches or cross-gender pat-down searches, except in exigent circumstances or when such viewing is incidental to a routine check of cells in administrative segregation/isolation area OR when performed by a medical practitioner in the course of a bon-a-fide medical examination/ procedure.
 - 1. The facility will document any cross-gender strip searches, cross-gender visual body cavity searches and any cross-gender pat down searches that occur.
 - 2. The facility will implement policies and procedures that enable inmates to shower, perform bodily functions and change clothing without nonmedical staff of the opposite gender viewing their buttocks or genitalia, except in exigent circumstances or when such viewing is incidental to routine dormitory checks.
 - 3. The facility shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.
 - 4. The facility will train security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

Provision (b)

This provision is not applicable, as the facility reported on the PAQ that they do not house female inmates.

This facility is an adult male facility, receiving inmates from the Georgia Department of Corrections. As such they receive cisgendered males as well as male-to-female transgender inmates. At the time of the on-site audit, the facility housed 189 inmates, zero of which were transgender inmates.

Provision (c)

The facility reported on the PAQ that it does not house female inmates.

The facility reported on the PAQ that while they do not conduct cross gender strip searches and cross gender visual body cavity searches, if an exigent circumstances were to unexpectedly arise, any cross-gender strip searches and cross-gender visual body cavity searches would be approved by the Facility Head, conducted by medical staff and thoroughly documented. This was verified through the interview process with non-medical staff (involved in cross gender strip or visual searches.)

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 11, 8, c, indicates the facility shall document all cross-gender strip searches and cross-gender visual body cavity searches and shall document all cross-gender pat-down searches of female inmates via an incident report explaining the nature of the Exigent Circumstance.

Provision (d)

The facility reported on the PAQ, inmates shower, perform bodily functions, and change clothes without staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when viewing is incidental to routine cell checks. Further, the PAQ indicated opposite gender staff are required to announce their presence when entering an inmate housing unit. The inmates verified this during the interview process.

All random inmates (100%) interviewed confirmed they were able to shower and dress without being seen by a member of the opposite sex. In response to the question of whether opposite gender announcements are made on housing units, 100% of the inmates interviewed reported female staff announce their presence when entering the housing unit.

During the onsite audit there were zero transgender inmates assigned to the facility. Therefore, none were available for interviews regarding this provision.

The policies which addresses this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 11, 8, d, indicates the facility shall implement procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff members of the opposite gender viewing their breasts, buttocks, or genitalia, except in Exigent Circumstances or when such viewing is incidental to their official duties. Inmates should only shower, perform bodily functions, and change clothing in designated areas (e.g., cells, shower rooms, and bathrooms).
2. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/

2022, p. 11, 8, e, indicates staff members of the opposite gender shall announce their presence when entering an inmate housing unit; this includes the officer assigned to the housing unit. It is understood that staff members might not make announcements when responding to circumstances that require immediate action to combat a threat to security.

3. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, pp. 11-12, 8, f, 1-4, indicate inmates will be notified of the presence of opposite-gender staff members in several ways:

- 1. Inmates are advised of the requirement to remain clothed, and the presence of cross-gender staff members, during the intake screening process and the admission and orientation process.
- 2. The following notice will be posted "NOTICE TO INMATES: Male and female staff members routinely work in and visit housing areas."
- 3. For staff members with offices in the housing units, the most recent schedule is posted in the unit so inmates are aware of when opposite-gender staff may be present.
- 4. An announcement shall be made each time an opposite-gender staff member comes into a housing unit area.

Provision (e)

The facility reported on the PAQ that it is prohibited for staff to search or physically examining a transgender or intersex inmate for the sole purpose of determining the inmate's genital status.

All random (100%) staff interviewed confirmed it was against facility/agency policy to search a transgender or intersex inmate for the sole purpose of determining their genital status and such a search is prohibited. Further they reported they had been trained how to search a transgender or intersex inmate in a professional and non-intrusive way, but that the majority of the time medical personnel conduct the strip searches.

During the interview process, random staff indicated absent exigent circumstance, female officers conduct the pat searches on transgender or intersex inmates. Additionally, absent exigent circumstances, medical personnel conduct the strip searches and visual cavity searches on transgender and intersex inmates.

During the onsite audit there were zero transgender inmates assigned to the facility. Therefore, none were available for interviews regarding this provision.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/

2022, p. 12, 8, g, indicates the facility shall not search or physically examine a Transgender or Intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. The provision does not limit searches of inmates to ensure the safe and orderly running of the institution.

2. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 12, 8, h, indicates the Department shall train security staff members on how to conduct cross-gender pat searches and searches of Transgender and Intersex inmates in a professional and respectful manner and in the least intrusive manner possible, consistent with security needs,

The training curriculum states searches will be conducted in a manner which will avoid unnecessary force, embarrassment, or indignity to the employee or offender. Always remain professional during any search process, Searches should never be conducted with the intent to harass or degrade. The training continues by giving step by step instructions on how to approach an inmate for a pat search or strip search and how to proceed with the search.

According to the facilitator lesson plan there is an exercise that is conducted during training. The exercise is described below.

Using another instructor or a student volunteer (strictly voluntary) and following the gender policies, demonstrate a pat search.

1. Put on gloves, check the area for safety and assume a defensive stance.
2. Inform the offender he or she is going to be pat searched, then have the offender remove all articles from pockets and headgear for inspection.
3. The offender faces away from the inspector with feet approximately 12-16 inches apart with arms extended. If a wall is available, the offender places hands on the wall leaning body slightly forward.
4. The inspector uses both hands and starts at the back of the head following a direct course across the front of the arms to the hand area and back to the shoulders.
5. The inspector then returns hands to the original position and covers the shoulders down the back and sides to the beltline. The belt line, all pockets and chest area should then be searched. **These next sensitive areas can be simulated for this demonstration.**
6. When checking the breasts on a female or transgender offender, the back of the hands should be used to check the entire breast area, always on the outside of the clothing.
7. The groin area should be searched with the edge of the hand. Since the groin

area is a sensitive area of the body, both physically and emotionally, it should be searched carefully and with concern for the offender's dignity.

8. The inspector then searches from the back at the waistline by proceeding down the back and sides to the shoe tops. The shoe tops, trousers, cuffs, socks, and then inside the legs up to the groin should be checked.

Provision (f)

The Auditor reviewed the most recent PREA training documentation for facility staff. Training topics included appropriate search techniques, specifically cross-gender pat searches and searches of transgender and intersex inmates. The Auditor verified the list of staff receiving the training correlated to the existing facility staff listed on the staff roster. Participants signed an acknowledgment of training materials. Additional training documents provided directions to staff on proper documentation practices in the unlikely event cross-gender searches were conducted.

During informal conversations, when female staff were asked how they would proceed if a male staff member were not available, they acknowledged they are allowed to conduct pat searches on all inmates in the facility. However, if a male staff member were specifically needed there is never an instance when male staff are not on duty and could be directed to the area to conduct the search. 100% of the staff interviewed recalled receiving training on opposite gender searches; however, each of them articulated that in all instances female staff do not conduct cross-gender strip or body cavity searches and will always defer to a male staff member to complete those searches.

On September 12, 2024, the agency submitted Policy Information Bulletin, Standard Operating Procedures SOP 226.02; SOP 220.09; SOP 220.09 Att. 1, dated September 12, 2024, which states:

The purpose of this Policy Information Bulletin (PIB) 226.01 Searches, Security Inspections, and Use of Permanent Logs and 220.09 Classification and Management of Transgender and Intersex Offenders is to advise you of policy and attachments that have been revised to reflect changes to searches of transgender offenders.

The agency/facility investigates both administrative and criminal allegations.</p> <p>PROVISIONS</p>

Provision (a)

The facility reported on the PAQ the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. This was verified during the interview process with the Agency Head Designee.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 30, G, 1, indicates all reports of Sexual Abuse or Sexual Harassment will be considered allegations and will be investigated.

2. Colquitt County Prisons PREA Policy, Section 10.0 Investigations, indicates in subsection 10.1, p. 25, that the Warden or his/her designee OR the facility PREA Compliance Manager may make an initial inquiry to determine if a report of sexual abuse or sexual harassment is a rumor or an allegation.

At the time of the audit, information received regarding the allegations of sexual abuse and sexual harassment during the prior twelve months revealed a total of one allegation reported.

At the time of the audit, information received regarding the allegations of sexual abuse during the past twelve months revealed one sexual abuse allegation reported.

The singular allegation was a staff-on-inmate sexual abuse allegation. This allegation was investigated criminally. After criminal investigation, it was deemed unfounded. The inmate was notified in writing of the result of the investigation and refused to sign the notification. A Sexual Abuse Incident Review was not necessarily due to the "unfounded" results. The allegation was referred for review and criminal investigation. After reviewing the evidence, prosecution was declined.

The Auditor reviewed the single sexual abuse allegations. The victim was offered an advocate but refused. The victim was offered mental health but refused. The allegation was reported approximately two months after it allegedly happened. Therefore, SANE was not activated in this case. The inmate was notified in writing of the results of the investigation in a timely manner.

Provision (b)

The facility reported on the PAQ that the agency has a policy and practice in place that ensures allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations unless the allegation does not involve potentially criminal behavior. This policy is posted on the agency's website. (<http://www.gdc.ga.gov/content/101-208-policy-compliance-unit>).

The agency/facility documents all referrals of allegations of sexual abuse or sexual harassment for criminal investigation. This was confirmed through the interview

process with the Agency Head Designee.

The agency employs staff who have the authority and training to conduct sexual abuse/sexual harassment investigations. The Sexual Abuse Response Team (SART) preliminarily manages all investigations. If the investigation reveals the allegation may be criminal, it is referred from SART to the Office of Professional Standards (OPS) for criminal investigation. All substantiated criminal investigations are referred for prosecution.

2. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 103.06, Investigation of Allegations of Sexual Contact, Sexual Abuse, and Sexual Harassment of Offenders, effective date 8/11/2022, p. 1, I, indicates it is the policy of the Georgia Department of Corrections (GDC) that allegations of sexual contact, sexual abuse, and sexual harassment filed by sentenced offenders against other offenders, departmental employees, contractors, vendors, or volunteers be reported, fully investigated, and otherwise treated in a confidential and serious manner. It is the policy of the GDC to assure that the investigations are conducted in such a manner as to avoid threats, intimidation, or future misconduct.

3. Colquitt County Prisons PREA Policy, Section 10.0 Investigations, indicates in

subsection 10.2, p. 25, states facility SART is responsible for initial inquiry and subsequent administrative investigation of all allegations of sexual abuse or sexual harassment with limitations. In cases where allegations are made against staff and the SART inquiry deem the allegation is unfounded or unsubstantiated by evidence of facility documentation, video monitoring systems, witness statements, or other investigative means, the case can be closed at the facility level. No interview shall be conducted, nor a statement be collected from the accused staff without first consulting the Georgia Department of Corrections Office of Professional Standards (formerly OIC – Office of Investigations and Compliance) AND Colquitt County Human Resources Office.

Further the intake staff indicated the inmates receive their initial PREA training immediately upon arrival, prior to their unit assignment. The inmates receive more in-depth PREA education during orientation in the days and weeks following their arrival.

PROVISIONS

Provision (a)

According to the PAQ the facility reported inmates receive information at the time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. This information is not intended to be comprehensive, but an overview of the PREA standards, addressing important topics to make the inmate safer until they can be given a Comprehensive PREA education by staff. The intake staff verified this.

According to the PAQ the facility reported 350 inmates were admitted during the past twelve months and 100% of them received PREA information at intake. The intake staff verified this.

During the interview process intake staff confirmed inmates are given PREA information upon arrival.

During interviews 100% of inmates reported receiving PREA information upon arrival. Twenty-one inmates were interviewed and twenty-one reported receiving PREA information within 24 hours of their arrival.

The Auditor reviewed PREA education records for twenty-three inmates. The twenty-three inmate records reviewed revealed that 100% of inmates had received PREA intake material upon arriving.

The facility has ample telephones designated for inmate use. Using any of these telephones, an inmate can dial *7732 and be immediately connected to the PREA hotline. The inmate is then advised a report can be made anonymously. The call is free of charge and confidential. During the on-site facility tour the Auditor confirmed this.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention PREA, effective date 6/23/2022, p. 21, 3, which states in part, information on the GDC's zero-tolerance policy for Sexual Abuse and Harassment and information on how to report an allegation at the receiving facility shall be provided to every inmate upon arrival to the facility. Receipt of the initial PREA intake information will be documented in writing by signature of inmate and placed in the inmate's institutional file.

Provision (b)

According to the PAQ, the facility reported in the past twelve months there were 308 inmates who were admitted and whose length of stay at the facility was more than thirty days. The PAQ reflects 100% of inmates were provided the PREA 30-day Comprehensive Education which includes their right to be free from sexual abuse, right to be free from retaliation of any kind, sexual abuse zero tolerance policy, PREA Video "*PREA - What You Need to Know*", PREA - What You Need to Know (open captioning)-SD.mp4, as well as the policies and procedures for reporting. The PAQ reflected 100% of the inmates admitted to their facility in the past twelve months received the mandated information. The intake staff verified this.

PREA - What You Need to Know video, is approximately 15 minutes long. It has closed captions and is available in English and Spanish. The video discusses Zero Tolerance Policy for sexual abuse, sexual harassment, and sexual misconduct; definitions of sexual abuse, sexual harassment and sexual misconduct; staff on inmate sexual harassment and sexual misconduct; the dynamics of sexual abuse and sexual harassment in a confinement setting; reasons inmates don't report; retaliation for reporting or for assisting with an investigation; imbalance of power between staff and inmates; prevention of sexual abuse in a confinement setting; know What to Look For; NO Means NO and YES is not allowed; how to report; where to report; every PREA report will be investigated; false reports; good faith reporting; what happens when you report; victim advocate; forensic examination; preserving important evidence; the investigation; inmate notification of the result of the investigation; receiving ongoing support services; staff responsibilities; and health relationships.

According to the PAQ the facility reported during orientation inmates receive comprehensive PREA information explaining:

The intake staff confirmed, in addition to the five items listed above, inmates are notified of male and female staff routinely working and visiting housing units, the prohibition against retaliation for reporting or assisting in the investigation of an allegation and the basics of the investigation process during orientation.

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination

Act (PREA) Sexually Abusive Behavior Prevention and Intervention PREA, effective date 6/23/2022, p. 21, 3, in part states within 15 days of arrival, a comprehensive PREA education training will be conducted by assigned staff members to all inmates which will include a gender appropriate video on Sexual Abuse. Receipt of the comprehensive education will be documented in writing by signature of inmate and placed in the inmate's institutional file.

In the case of Exigent Circumstances, such training may be delayed, but no more than 30 days. If the Exigent Circumstance extends beyond 30 days, justification and documentation must be placed in the inmate's institutional file. Once the Exigent Circumstance no longer applies, such training must be provided immediately. This education is documented in the same manner as for inmates who participated during the regularly scheduled orientation.

During the interview process the inmates and the intake staff, confirmed inmates are provided PREA comprehensive education during orientation.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, pp. 21-22, 3, a, i-ix indicates the comprehensive PREA education will be provided by designated staff members and the presentation must include:

- vi. How an investigation begins and the general steps to an investigation.
- vii. Monitoring, discipline, and prosecution of sexual perpetrators.
- viii. The prohibition against retaliation for reporting, and.
- ix. Notice that male and female staff routinely work and visit housing areas.

The Auditor reviewed the inmate comprehensive PREA education and found it addresses the following:

1. The Department's zero tolerance of sexual abuse and sexual harassment
2. Definition of sexual abuse and sexual harassment

3. Prevention strategies I can take to minimize my risk of sexual victimization while in Department custody
4. Methods of reporting an incident of sexually abusive behavior against me, and for reporting allegations of sexually abusive behavior involving other inmates
5. Treatment options and programs available to inmate victims of sexually abusive behavior and sexual harassment
6. Monitoring, discipline, and prosecution of sexual perpetrators

As previously stated, the intake staff confirmed, in addition to the six items listed above, inmates are notified of male and female staff routinely working and visiting housing units, the prohibition against retaliation for reporting or assisting in the investigation of an allegation and the basics of the investigation process during orientation.

The GDC, Inmate Handbook, undated, Section XVII, PREA, pp. 48-49, is dedicated to PREA information. This section of the handbook covers topics such as zero tolerance of sexual abuse or sexual harassment, consensual and nonconsensual sex between inmates, ways to report alleged sexual abuse or sexual harassment, retaliation, good faith reporting, sexual misconduct between staff and inmates, and explanations of what is a PREA violation and what is not. It also provides a telephone number for the GDC PREA Hotline and the Ombudsman Office, as well as an email address email PREA.report@gdc.ga.gov. The address for the Statewide PREA Coordinator is provided for them to write an agency individual with PREA concerns. The address for the Director of Victim Services in Atlanta is provided for third parties to write with PREA concerns.

This is explained in the posting Reporting Is the First Step. This posting is broken down into 4 sections. The first section is Ways to Report via Telephone. This section lists four telephone numbers that are available to the inmate to report sexual abuse, sexual harassment, or sexual misconduct. The second section is Ways to Report via Mail. This section lists three mailing addresses for inmates to report sexual abuse, sexual harassment, or sexual misconduct. The third section is Ways to Report via Email. This section lists one email address for inmates to report sexual abuse, sexual harassment, or sexual misconduct. The fourth section is Third Party Reporting. This section explains that a family member can report on the inmate's behalf using some of the methods listed on the posting. Every section also lists any conditions that might be related to confidentiality, if the information can be anonymous, etc.

The Colquitt County Correctional Institution Handbook, pp. 13-15, provides PREA information. It states that sexual conduct between staff and inmates; among inmates; or between volunteers, contracted personnel, and inmates regardless of consensual status, is prohibited and subject to administrative and/or criminal disciplinary sanctions.

It also states that if an inmate has been assaulted the inmate should:

1. Get to a safe place

2. Even if you want to clean up immediately, it is important to save the evidence
3. Don't use the bathroom, brush your teeth, shower, or change your clothes.
4. Report it, even if you do not have any evidence.
5. Tell any staff member. You may tell in person, send a kite, or drop a note under a staff member's door. It does not matter- just tell someone.
6. Call the PREA hotline at Dial (8) from any inmate phone. You will need to enter your personal identification number followed by the pound (#) sign.
7. Seek support from friends, family, mental health, medical, or counseling staff.

Regarding reporting, it states county inmates should call 1-888-992-7849. Inmates can also write to Statewide PREA Coordinator 300 Patrol Road, Forsyth, GA 31029, or the Director of Victims Services, 2 MLK Jr. Dr., SE, Suite 458 East Tower Atlanta, GA 30334. Inmates may also contact Ombudsman, P. O. Box 1529, Forsyth, GA 31029, (478-992-5358).

The Reporting is the First Step information states anonymous reports can be made by dialing *7732. The inmate is given one minute to leave a message on this hotline.

The one-minute time frame to leave a report is standard throughout the Georgia Department of Corrections (GDC), as this is an agency hotline. The PREA Unit confirmed that zero inmates have made a complaint about the one-minute time frame being insufficient to report an allegation. Further, there is no limitation to how many times an inmate can call the hotline.

The Georgia Department of Corrections, PREA Inmate Information Guide Brochure outlines the zero-tolerance policy; the right to be free from sexual abuse and sexual harassment as well as retaliation for reporting such incidents. As a GDC brochure it is a statewide brochure and lists addresses and telephone numbers to contact to report an allegation. All information in the brochure is agency information. It lists methods of reporting as well as victim resources.

The Auditor reviewed PREA education records for twenty-three inmates. The twenty-three inmate records reviewed revealed that the inmate had received 30-day Comprehensive PREA education within 30 days of arriving at the facility. All the mandated parts of PREA comprehensive education are covered through the ZERO Tolerance postings, the Hotline Numbers posting, the Outside Confidential Support Services posting, the "PREA - What You Need to Know" video, the Inmate Handbook, and the Inmate Information Guide Brochure.

Provision (c)

As indicated in Provision (a) the intake staff provide PREA information immediately upon arrival at the facility. Interviews with intake staff revealed that upon arrival at the facility inmates are given intake materials, including PREA related materials, before being assigned to a housing unit. This is a requirement for all inmates, whether they are a new intake or a transfer from another facility.

Provision (d)

The facility reported on the PAQ inmate PREA Education is available in formats accessible to all inmates, including those who are limited English proficient, hearing impaired, visually impaired, have limited reading skills and are otherwise disabled. Further the facility maintains documentation of inmate participation in PREA education sessions.

Limited English Proficient inmates are provided information in Spanish. The Auditor reviewed the PREA information. Every piece of material available in English is also available in Spanish. Additionally, the PCM is fluent in Spanish, which the auditor confirmed. Additionally, the facility has access to LanguageLine for a plethora of other languages including American Sign Language.

Hearing Impaired inmates are provided information visually, through videos and written words. There is also Video Remote Interpreting available in American Sign Language.

Visually Impaired inmates are provided information audibly, read by a staff member or via recorded messages or videos.

Cognitively impaired inmates are provided information audibly, read by a staff member or via recorded messages or videos.

Inmates with limited reading skills are provided information audibly, read by a staff member or via recorded messages or videos.

Provision (e)

According to the PAQ the facility reported it maintains documentation of inmate participation in PREA education sessions. The PCM verified this.

The Auditor reviewed signed attendance sheets for PREA Education for the past 12 months, confirming all inmates participated in Comprehensive PREA Education within 30 days of arrival. As stated in Provision (b) the Auditor reviewed PREA education records for twenty-three inmates. The twenty-three inmate records reviewed revealed that each inmate had received 30-day Comprehensive PREA education within 30 days of arriving at the facility.

The policy that addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 22, 3, b, indicates the facility shall maintain documentation of inmate participation in these education sessions in the inmate's institutional file.

As indicated in Provision (b) 100% of inmates who entered the facility during the past 12-months received the required PREA training at intake and during orientation.

Provision (f)

	Auditor Overall Determination: Meets Standard
	Auditor Discussion

MATERIAL REVIEWED

1. Pre-Audit Questionnaire (PAQ) and supporting documentation.
2. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022.
3. GDC, SOP 208.06. Attachment 2, Revised 06-23-2022.
4. Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness
5. Inmate Initial Risk Assessment Records.
6. Inmate Risk 30-Day Reassessment Records.

INTERVIEWS

PREA Coordinator (PC)

Through the interview process the PC indicated medical staff, mental health staff, classification staff and the PCM have access to the screening information collected during intake. All information is limited to a need-to-know basis for staff, only for the purpose of treatment, security, and management decisions, such as housing and cell assignments, as well as work, education, and programming assignments. The PC also verified the GDC does not detain inmates solely for civil immigration purposes.

PREA Compliance Manager (PCM)

Through the interview process the PCM stated the purpose of the risk screening assessment is to make the inmate safer inside the facility. Information is collected through the risk screening that when taken as a whole, can be analyzed by staff to determine if an inmate is at higher-than-average risk for sexual victimization or abusiveness. It assists the staff of the institution in keeping inmates safer by housing potentially abusive inmates in a different area than those who are potential victims.

Risk Screening Staff

Through the interview process risk screening staff indicated the initial risk screening is completed within the first 24 hours after the inmate arrives. This initial screening considers prior acts of sexual abuse, prior convictions for violent offenses and history of prior institutional violence or sexual abuse. A second risk screening is completed within 30 days of the first risk screening. Additional screenings are also completed after a PREA allegation, if the inmate leaves the facility and returns to the facility, or new information becomes known regarding the possible safety of the inmate. Transgender inmates are risk assessed within 24 hours, within the first thirty days and a minimum of every six months thereafter.

Through the interview process, risk screening staff indicated inmates are not disciplined for refusal to answer questions during an assessment. It was reported they would prod to see what the opposition to answering the question was and then another attempt to engage the inmate would follow. However, disciplinary action

would not be taken if the inmate chose not to respond.

Random Inmates

Through the interview process random inmates acknowledged being asked questions relative to their concern for sexual safety, and if they felt like they were in danger of being harmed. They remembered being asked questions about their sexual orientation, gender identity, if they had ever been sexually victimized and is this their first incarceration? They reported having their initial risk assessment within 24 hours of arriving at the facility and their 30-day risk assessment within a few weeks of arriving at the facility.

PROVISIONS

Provision (a)

On the PAQ the facility reported there is a policy that requires screening (upon admission to a facility or transfer to another facility) for risk of sexual abuse victimization or sexual abusiveness toward other inmates. Risk screening staff verified this.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 23, D, 1. The policy states all inmates shall be assessed during an intake screening and upon transfer to another facility for their risk of being sexually abused by other inmate or sexually abusive toward other inmate.
2. Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness, subsection 7.1 states all inmates will be assessed during an intake screening for their risk of being sexually abused by other inmates or sexually abusive towards other inmates.

The Auditor reviewed twenty-three inmate records. Those records showed that all twenty-three inmates had their initial 72-hour risk assessment completed within 24 hours of arrival.

Provision (b)

The facility reported on the PAQ that policy states inmates are screened for risk of sexual victimization or risk of abusing other inmates within 24 hours of arrival. Risk screening staff verified this.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, pp. 23-24, D, 2, indicates Counseling staff members will conduct a screening for risk of victimization and abusiveness in SCRIBE using SCRIBE's version

of Attachment 2, PREA Sexual Victim/Sexual Aggressor Classification Screening Instrument. This screening will be conducted within 24 hours of arrival at the facility and again within 30 days of arrival. Information from this assessment will be used to determine classification decisions with the goal of keeping separate inmates at elevated risk of being sexually victimized from those at elevated risk of being sexually abusive. Note: The results of the risk assessment should not hinder classification opportunities.

As stated in policy, counseling staff members conduct screening for risk of sexual victimization and abusiveness. All individuals who conduct risk assessments acknowledged they are completed within 24 hours of the inmate's arrival and then again within 30-days of arrival. The inmates acknowledged during interviews they had participated in a risk assessment upon arrival and had been reassessed within several weeks after the initial assessment.

The Auditor reviewed the PAQ which indicated in the past 12 months, 100% of 340 inmates were screened for the risk of sexual victimization or sexual abusiveness within 72 hours of their entry into the facility. While the PAQ states 72 hours, the policy and practice of the facility is for inmates to be screened for risk of sexual victimization or sexual abusiveness within 24 hours of their entry into the facility. In a review of twenty-three initial risk assessments all had been completed within 24 hours of arrival.

A list of inmates' arrival dates and dates of initial risk assessment demonstrate compliance with this standard. From the roster of inmates, the Auditor chose twenty-three inmates records to review. The records were for inmates from varying housing units, ethnic and racial backgrounds. The names were chosen from a complete alpha roster of inmates. The Auditor went down the list and randomly chose names, in no order or sequence, from the roster.

Provision (c)

On the PAQ the facility reported the risk assessment is conducted using an objective screening instrument. The Auditor reviewed a copy of the intake form and screening assessment form. Staff members who conduct Intake screenings utilize SOP 208.06. Attachment 2, Revised 06-23-2022 Screening Form. The inmate is reassessed within thirty days, after the initial meeting. Of the twenty-three records reviewed, 100% were reassessed within 30 days of arrival.

The policies which address this provision are:

1. A review of the GDC, SOP 208.06. Attachment 2, Revised 06-23-2022, indicates the instrument is weighted and scored based upon responses to specific questions required in the Standard. Attachment 2 asks the questions required by the Standard and is a satisfactory assessment tool. Questions one through eight address the vulnerability of the inmate, and questions nine through fourteen address the possible sexual aggressiveness of the inmate. It adheres to the minimum criteria in the standard, as outlined in Provision (d).

2. Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness, subsection 7.1.1 indicates counseling staff will conduct a screening for risk of victimization and abusiveness, in SCRIBE, through use of the Victim/Aggressor Classification Instrument. This screening will ordinarily be conducted within 72 hours of arrival at the facility. Information from this assessment will be used to inform housing, bed assignment, work, education, and program assignments with the goal of keeping as separate as possible those inmates at substantial risk of being sexually victimized from those at elevated risk of being sexually abusive. A SCRIBE case note will be entered reflecting the assessment outcome.

Provision (d)

The facility reported on the PAQ that their risk screening instrument includes all the elements of this provision. The Auditor reviewed the risk screening document, GDC, SOP 208.06. Attachment 2, Revised 06-23-2022. The risk screening instrument does not address the question of detaining inmates solely for civil immigration purposes. However, the agency does not detain inmates solely for civil immigration purposes in any of their facilities. This was confirmed by the PC during the interview process. Therefore, the risk screening instrument includes the elements of this provision.

The Auditor reviewed the risk screening instrument. It included the following items:

1. Is the inmate a former victim of institutional (prison or jail) rape or sexual assault?
2. Is the inmate 25 years old or younger or 60 years old or older?
3. Is the inmate small in physical stature? (BMA <18.5)
4. Does the inmate have a developmental disability/mental illness (disability) /physical disability? **NOTE:** The assessment tool uses the phrase mental illness. A more accurate and inclusive term would be mental disability. As there are mental disabilities that are not considered mental illness. I realize this tool is an attachment to the PREA policy and as such cannot be changed as if it were a random independent form. Having said that I am recommending the process begin that would allow this wording to be changed. In the meantime, I am recommending at the facility level that it be changed by hand to the original attachment before copies are made.
5. Is this the inmate's first incarceration ever (prison or jail)
6. Is or is perceived to be gay/lesbian/bisexual/transgender/intersex or gender non-conforming?
7. Does the inmate have a history of prior sexual victimization (sex abuse)?
8. The inmate's own perception of being vulnerable?
9. Does the inmate have a criminal history (convictions) that is exclusively non-violent?
10. Does the inmate have a conviction(s) for sex offenses against adult and/or child?
11. Does the inmate have a history of institutional (prison or jail) sexually

aggressive behavior?

12. Does the inmate have a history of sexual abuse/sexual assault toward others (adult and/or children)?
13. Is the inmate's current offense sexual abuse/sexual assault toward others (adult and/or children)?
14. Does the inmate have a prior conviction(s) for violent offenses?

The scoring of the assessment is one point for each yes answer given to a question or part of a question. If a question has more than one part, then one point is given for each part of the question that is answered yes. An example would be question 4. If an inmate has a developmental disability and a physical disability, that would be a total of 2 points for the question.

Provision (e)

The facility reported on the PAQ that the initial risk screening considers prior acts of sexual abuse, prior convictions for violent offenses and history of prior institutional violence or sexual abuse, as known to the agency, in assessing inmates for risk of being sexually abusive. This was confirmed by risk screening staff during the interview process. The questions referring to those things were also noted by the Auditor during the document review.

Through the interview process, risk screening staff acknowledged monitoring the inmate population, and re-assessing inmates when warranted due to a referral, request, incident of sexual abuse or receipt of additional information that may have bearing on the inmate's risk of victimization or abusiveness.

The policy which addresses this provision is Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness, subsection 7.1.4 states the initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the facility, in assessing inmates for risk of being sexually abusive.

Provision (f)

The facility reported on the PAQ that inmates are reassessed within thirty days of arrival at the facility. Additionally, the inmate will be reassessed for risk of victimization or abusiveness based on any additional relevant information received by the facility after the initial screening. This information was confirmed by the screening staff during the interview process.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, specifies within a period, not to exceed 30 days from the inmate's arrival at the facility, the inmate shall be reassessed for risk of victimization or abusiveness following receipt of any additional or relevant information received by the agency/facility since the initial intake screening.

The Auditor reviewed the PAQ which indicated that within the past 12 months, 363 inmates remained in the facility longer than 30-days from arrival. The facility reported 100% of the 363 inmates were re-assessed for the risk of sexual victimization or risk of sexually abusiveness of other inmates within 30-days of their entry into the facility.

Of the twenty-three inmate records which were reviewed by the Auditor, the initial risk assessment was completed within 24 hours of arrival 100% of the time. Of the twenty-three inmates, twenty-three were reassessed within thirty days of arrival.

Provision (g)

On the PAQ the facility reported an inmate's risk level is reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness. This was verified by the risk screening staff through the interview process.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 24, D, 2, c, indicates an inmate will also be re-screened when warranted due to a referral, request, incident of Sexual Abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.
2. Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness, subsection 7.1.4 states the initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the facility, in assessing inmates for risk of being sexually abusive.

According to the interviews with risk screening staff they reassess inmates within 30-days after their arrival. Inmates are also reassessed when warranted due to a referral, request, incident of Sexual Abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

Provision (h)

The facility reported on the PAQ inmates are not disciplined for refusing to answer or for not disclosing complete information in response to questions asked during the assessment. This was verified by the risk screening staff during the interview process.

All individuals who conduct risk screenings are acknowledged, during formal interviews and informal conversations, inmates are not disciplined for not answering questions on the screening instrument. They indicated they were willing to explain why the question was important and how the information obtained could help the inmate be safer, but if after explanation the inmate did not want to answer the question they would move to the next question. It was indicated they would ask the question at another time if the opportunity presented itself.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 24, D, 23, indicates, inmates should be encouraged to disclose as much information as possible for the Department to provide the most protection possible under this policy. If an inmate chooses not to respond to questions relating to his or her level of risk, the inmate may not be disciplined.
2. Colquitt County Prisons PREA Policy, Section 7, Screening for Risk of Victimization and Abusiveness, subsection 7.1.7 states inmates may not be disciplined for refusing to answer, or for not disclosing complete information in response to questions asked under section 7.1.3.

If an inmate chooses not to respond to questions relating to his level of risk, he may not be disciplined.

Provision (i)

The facility reported on the PAQ that they control the dissemination within the facility of responses to questions asked during risk screening to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. Through a formal interview and informal conversations, the PREA Coordinator (PC) indicated medical staff, mental health staff, classification staff, intake staff and the PCM have access to the screening information collected during intake. All information is limited to a need-to-know basis for staff, and is only for the purpose of treatment, security, and management decisions, such as housing and cell assignments, as well as work, education, and programming assignments. The risk screening staff echoed this information.

Through the interview process the PC indicated according to policy, the gender identification of each inmate is initially determined by their legal sex assignment, at birth; however, from that point forward every inmate is individually assessed and classified to ensure the safety of the inmate, as well as the safety of the inmate population.

Through the interview process the PC indicated the transgender or intersex inmate's views of their own safety is given great weight when making decisions regarding housing placement or programming assignments. Further regular classification reassessments are conducted a minimum of every six months, or if the inmate is involved in an incident of a sexual nature. Additionally, these inmates are interviewed further to determine enemies and potential or perceived threats. Housing placement and programming assignments are based on this information.

Staff Responsible for Risk Screening

Through the interview process, staff responsible for risk screening, indicated because of the assessment procedures being utilized, each inmate is individually evaluated. Staff not only use the assessment procedures which are in place, additional consideration is given to the discussions with each individual inmate when making classification and housing decisions.

PREA Compliance Manager (PCM)

Through the interview process the PCM, revealed that neither the agency or facility are under any consent decree, legal settlement, or legal judgment requiring the establishment of a dedicated facility, unit, or wing for lesbian, gay, bisexual, transgender, or intersex (LGBTI) inmates. All acknowledged that all LGBTI inmates are housed within the general population unless specific issues are present and only then the appropriate staff will meet with the inmate and address the concerns.

Through the interview process, staff who are responsible for risk screening indicated transgender or intersex inmates view of their own safety is taken into thoughtful consideration when determining housing placements and programming assignments. In addition, the staff who are responsible for risk screening indicated because of the assessments that are utilized, each inmate is evaluated individually.

Through the interview process, the PCM indicated every assessment completed by staff is factored into the placement and programming of each inmate. Further, the inmate's risk levels, housing and program assignments are guided with the use of these various assessments ensuring that every inmate, especially those at elevated risk of being sexually victimized, are separated from those at considerable risk of being sexually abusive.

Transgender Inmate

At the time of the on-site audit, there were no transgender inmates assigned to the facility. Therefore, no transgender inmates were interviewed for this standard.

They verbalized the importance of, as well as their understanding of the need for confidentiality in all cases.

Staff Interviews

Through the interview process staff were consistently able to articulate to the Auditor, step-by-step, how to respond to a PREA incident. All staff were aware of the mandate to separate the perpetrator from the victim, preserve physical evidence, as well as the area the incident occurred, seek medical aid, as needed, and report the incident.

Inmates Who Reported Sexual Abuse

At the time of the on-site audit, the facility reported there were not any inmates in the facility who had reported sexual abuse. Therefore, no inmate who reported sexual abuse in the past 12 months could be interviewed for this standard.

 - b. The PREA Unit will be notified of all allegations within two (2) working days after receiving the allegations via PREA.report@gdc.ga.gov using Attachment 10, PREA Initial Notification Form.

Facility Head or Designee

Through the interview process the Facility Head designee acknowledged when an inmate alleges that a staff member has committed sexual abuse against an inmate, if the allegation is substantiated, we will inform the inmate whenever:

the staff member is no longer in the inmate's housing unit;

This will be completed by a member of the local SART unless appointing authority delegates to another designee. In the event an allegation is forwarded to OPS for investigation, the facility shall also notify the offender of the outcome of the OPS investigation upon completion. Such notifications or attempted notifications shall be documented on Attachment 3, PREA Disposition Offender Notification Form. This provision is not applicable. An outside entity does not conduct any PREA investigations. The agency/facility is responsible for conducting all administrative and criminal investigations of PREA allegations. The investigative staff verified this.

Provision (c)

The facility reported on the PAQ that following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the facility shall subsequently inform the inmate (unless the allegation has been determined to be unfounded or unsubstantiated) whenever:

In the previous twelve months there had been zero terminations or resignations of staff for violation of the agency's sexual abuse or sexual harassment or sexual misconduct policies.

The presumptive disciplinary sanction for staff who have engaged in sexual abuse is termination.

PROVISIONS

Provision (a)

The facility reported on the PAQ that facility staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. This was confirmed through the interview process with the Facility Head designee.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 33, H, 1, a, indicates staff members who engage in sexual abuse with an offender shall be banned from correctional institutions and subject to disciplinary action, with termination being the presumptive discipline, and may also be referred for criminal prosecution when appropriate.

The PREA Education Acknowledgment Statement, Employees and Unsupervised Contractors and Unsupervised Volunteers, states correctional staff members who engage in sexual contact with an offender commit sexual assault, which is a felony punishable by imprisonment of not less than one nor more than 25 years, a fine of \$100,000 or both. I further understand that an offender cannot consent to sexual activity with staff.

Provision (b)

The facility reported on the PAQ that in the past 12 months, there were zero staff from the facility who violated agency sexual abuse or sexual harassment policies. In the past twelve months there have been zero staff terminated (or resigned prior to termination) for violating agency sexual abuse or sexual harassment policies. This was verified through the interview process with the Facility Head designee.

The policies which address this provision are:

1. Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 33, H, 1, a, in part says termination is the presumptive disciplinary sanction for staff that have been found to have engaged in sexual abuse.

Staff that engage in sexual misconduct with an offender shall be banned from the facility and subject to disciplinary action, up to and including termination, whichever is appropriate, and may also be referred for criminal prosecution when appropriate. Final decisions on these type matters will be approved by Colquitt County Human Resources along with Ga. Dept. of Corrections input.

Termination should be the presumptive disciplinary sanction for staff who have engaged in sexual touching.

3. All terminations for violations of Ga. Dept. of Corrections and Colquitt County Prison sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation will be reported to law enforcement agencies, unless the activity was clearly not criminal. These will also be reported, as required, to the Georgia Peace Officers Standards and Training Council (POST).

4. All substantiated cases of nonconsensual sexual contact between offenders or sexual contact between a staff member and an offender will be referred for criminal prosecution.

Provision (c)

The facility reported on the PAQ that the disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. Additionally, in the past 12 months there were zero staff from the facility who were disciplined, short of termination, for violation of agency sexual abuse or sexual harassment policies (other than actually engaging in sexual abuse). This was confirmed through the interview process with the Facility Head designee.

The policy which addresses this provision is Georgia Department of Correction (GDC), Standard Operating Procedures (SOP), Policy Number: 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program, effective date 6/23/2022, p. 33, H, 1, b, indicates disciplinary sanctions for violations of Department policy related to Sexual Harassment will be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff members with similar histories.
