Friday Report – overview and contents

The pages in The Friday Report are about adult offenders in Georgia's prisons and jails. They contain statistical snapshots and trends in the populations and movements of offenders in the state prison system, on probation, on parole, and in local jails. Information comes from databases of the Georgia Department of Corrections (GDC) and the Board of Pardons and Paroles, and from data provided by local jailers. Information is summarized into tables in the GDC/Parole Data Warehouse, and is extracted into these pages each Friday. Pages are organized according to the table that supplied the data.

The Monthly Research Table, named "MO_RESRCH" or simply "MO", contains data about state prisoners, grouped into statistically interesting categories. The table contains one record per month, from January 2000 to the present. Despite its being "monthly", it is updated weekly, because some data trickles in for several weeks before it becomes stable history.

| Page	Contents
MO-01	Clemencies and maxouts. Monthly graph from 2000 to present shows the monthly departures from prison via actions by the Georgia Parole Board (clemencies), and via service of 100% of the court ordered sentence (maxouts)
MO-02	48 months of releases. Table shows counts and percentages of releases via clemencies and maxouts, with and without probation to follow, for each of the past 48 months.
MO-03	Methamphetamine. Monthly graph from 2000 to present shows admissions, departures, population, and percent of population of inmates with a current offense of methamphetamine possession, sale, manufacturing, or trafficking, and the changing racial composition of the methamphetamine population.
MO-04	Non-violent first incarcerants. Monthly graph from 2000 to present shows admissions, departures, population, and percent of population of inmates without violent or sex crimes, who are serving their first Georgia felony incarceration.
MO-05	Seven Deadly Sins. Monthly graph from 2000 to present shows admissions, departures, population, and percent of population of inmates convicted of kidnapping, armed robbery, rape, aggravated sodomy, aggravated sexual battery, and aggravated child molestation, for whom especially severe penalties are prescribed.
MO-06	48 months of inmate subpopulations. Table shows number and percentage of white and non-white inmates with methamphetamine offenses, and non-violent first incarcerants, and inmates convicted of the Seven Deadly Sins.
MO-07	Inmate age overview. Line graph shows the average age of the inmate population, by month from 2000 to the present. Pie chart shows the number of currently active inmates in their teens, twenties, thirties, forties, fifties, and age sixty+.
MO-08	Counts by age group. Graphs show the count, by month from 2000 to the present, of inmates in their teens, twenties, thirties, forties, fifties, and age sixty+.
MO-09	Percentages by age group. Graphs show the *percentages*, by month from 2000 to the present, of inmates in their teens, twenties, thirties, forties, fifties, and age sixty+.
MO-10	48 months of inmate ages. Table shows average age of the standing population, and counts and percentages of teens, twenties, thirties, forties, fifties, and sixty+, for each of the past 48 months.

Friday Report – overview and contents *(continued)*

The MSR Table is based on the Management Summary Report (MSR), a snapshot report posted each week in GDC's Scribe database. MSR_RESRCH gathers that data into weekly trends, with one record for each Friday since March 20th, 2009.	

Page	Contents
MSR-01	All housed offenders. Weekly graph from March 20, 2009 to present, showing counts of inmates in state prisons, transitional centers, county prisons, private prisons, inmate boot camps, parole revocation centers, probation Residential Substance Abuse Treatment (RSAT), probation boot camps, probation detention centers, plus the inmate jail backlog and probationers in jail waiting for state facilities.
MSR-02	Probationers in jail. Weekly graph from March 20, 2009 to present, showing counts of probationers in local jails awaiting placement in probation detention centers, probation RSAT centers, and probation boot camps.
MSR-03	State inmates in jail. Weekly graph from March 20, 2009 to present, showing counts of state inmates in local jails awaiting placement in state prison facilities – including those who have not yet been assigned to a diagnostic center, those whose transportation has been delayed for some reason, and those who are ready to be picked up.
MSR-04	Female state inmates in jail. Weekly graph from March 20, 2009 to present, showing counts of female state inmates awaiting placement in a state prison for females.
MSR-05	52-week table: housed offenders. Data for each of the past 52 weeks, showing total prison inmates, parolees in revocation centers, probationers in RSAT/boot camp/detention centers, inmate jail backlog, probationers in jail waiting for facilities, with subtotals.
MSR-06	52-week table: state prisoners. Data for each of the past 52 weeks, showing inmates in state prisons, transition centers, county prisons, pre-release centers, private prisons, and inmate boot camps, with subtotals.
MSR-07	52-week table: waiting in jail. Data for each of the past 52 weeks, showing probationers waiting for detention centers, RSAT, and boot camp; and state prisoners not yet assigned to diagnostic centers, in admission process, with delayed transport, and ready for pickup, with subtotals.

The DCA table consists mainly of data submitted from each of Georgia's 140+ local jails, via the Georgia Crime Information Center (GCIC) to the Georgia Department of Community Affairs (DCA), which publishes its *County Jail Inmate Population Report* on its web site each month. GDC has collected summary statewide data from this report every month since its inception in January, 1993. The table also contains the inmate jail backlog as computed by GDC for the last Friday of each month, for comparison with the jailers' count of state inmates. Although nominally a monthly table, DCA_RESRCH is updated weekly to insure that the DCA data is correctly synchronized with the GDC jail backlog data.	

Page	Contents
DCA-01	Jail composition. Monthly graph from 1993 to the present shows trends in the numbers of unsentenced inmates, state inmates, county inmates, and other inmates.
DCA-02	Two views of jail backlog. Monthly graph from 1993 to present compares jailers' count of "state inmates" with GDC's count of the "inmate jail backlog", and explains that both are valid counts of different phenomena.
DCA-03	48-month table: local jails. Data from Georgia jailers for each of the past 48 months, showing total jail population, capacity, utilization, and number and percent of unsentenced inmates, state inmates, county inmates, and other inmates.

Releases by clemency and maxout, Jan-2000 to Mar-2025

There are two main ways of being released from a Georgia prison -- by actions of the Board of Pardons and Paroles ("Clemencies") and by service of 100% of the court-ordered sentences ("Maxouts"). "Clemency" includes paroles, reprieves, commutations, and transfer to other confinement prior to expiration of sentence. "Other Releases" includes deaths, and sentences modified or overturned by the courts. Clemencies and maxouts may or may not be followed by periods of probation.
|						
A. Clemency with probation to follow	RISES BY	33	from	401	to	434
B. Clemency only	falls by	2	from	55	to	53
C. Maxout with probation to follow	RISES BY	47	from	548	to	595

Inmates with meth crimes, by month, Jan-2000 to Mar-2025

Methamphetamine is one of the most addictive drugs ever known. At first it induces intense euphoria, but with continued use causes severe depression and physical deterioration, including the dental catastrophe known as "meth mouth". Georgia's meth epidemic epidemic peaked in 2007-2008, then declined, but is again growing. It started in the predominantly white northern counties, with blacks accounting for only about 5% of convictions. But black usage has expanded, and now accounts for about 15% of convictions.

Admissions

Population x1000

Percent Non-White
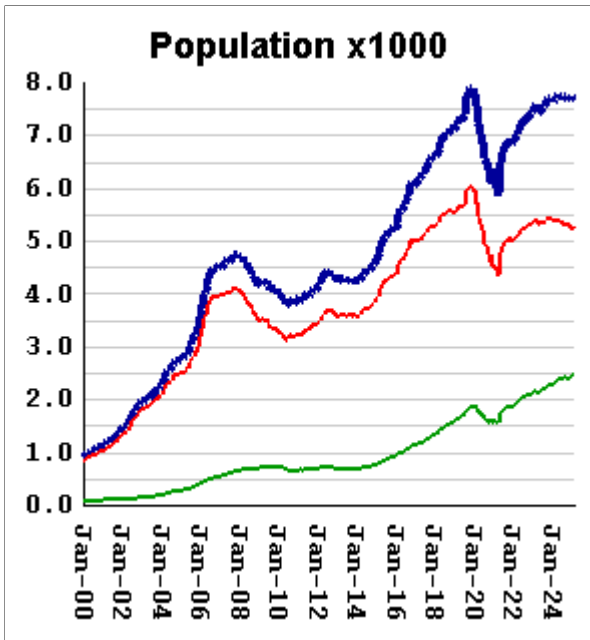

Methamphetamine admissions	fall by	89	from	338	to	249
Methamphetamine releases	RISE BY	27	from	260	to	287
Methamphetamine population	falls by	38	from	7741	to	7703
Meth white population	falls by	40	from	5275	to	5235
Meth non-white population	RISES BY	12	from	2466	to	2478
Percent meth inmates who are non-white	RISES BY	.31 %	from	31.86%	to	32.17%

Non-violent first-incarcerants, by month, Jan-2000 to Mar-2025

Historically, about one in six Georgia prison inmates has been a first-time incarcerant
with a non-violent crime. In 2012 Georgia passed HB1176, which aimed to curb the growth of prison population by steering
the least dangerous, least hardened offenders away from prison through pre-trial intervention, diversion, drug courts and
treatment programs,and raising the dollar thresholds that define property felonies. The expectation is that over time, these
measures will reduce the percentage of first-time non-violent incarcerants in prison.

Non-viol/1st-Incar % of total population	falls by	0 %	...	10.93%	at	10.93%

"Seven Deadly Sins" by month, Jan-2000 to Mar-2025

Tough legislation in 1995 imposed mandatory ten-year minimum terms for kidnapping, armed robbery, rape, aggravated sodomy, aggravated sexual battery, and aggravated child molestation, and a minimum of 25 years for murder.   A second conviction resulted in life without parole. As predicted, longer prison terms caused population to climb steeply for about a decade. It then began to level off, as releases started catching up with admissions.   The 2008 dip in percentage of total population (bottom right) was caused by the surge of methamphetamine convictions (Page MO-03). Note: these graphs include inmates convicted before 1995.

Overview of inmate age statistics, Jan-2000 to Mar-2025

The "aging inmate population" is a concern in correctional systems throughout America, including Georgia. Here, the increase in inmate age is the result of several factors. Teenagers have been steered away from prison by increased usage of probation and other alternatives, at least for their first convictions. And there has been a surge of middle-aged male sex offenders due to the expanding "It's OK to tell" ethos. But most importantly, more severe sentence lengths and release policies have greatly increased the length of time that most offenders -- especially violent ones -- spend in prison, thereby increasing their average age.

Average age since 2000

Current age

Mar-2025
Average age of active inmates	RISES BY	.02	from	41.81	to	41.83	
Number in their teens	RISES BY	12	from	364	to	376	
Percentage in their teens	RISES BY	.02%	from	.71%	to	0.73%	
Number in their twenties	RISES BY	3	from	10,156	to	10,159	
Percentage in their twenties	falls by	0.01%	from	19.72%	to	19.71%	
Number in their thirties	RISES BY	28	from	15,867	to	15,895	
Percentage in their thirties	RISES BY	0.02%	from	30.81%	to	30.83%	
Number in their forties	RISES BY	85	from	12,423	to	12,508	
Percentage in their forties	RISES BY	0.14%	from	24.12%	to	24.26%	
Number in their fifties	RISES BY	3	from	7355	to	7,358	
Percentage in their fifties	falls by	0.01%	from	14.28%	to	14.27%	
Number age sixty and up	RISES BY	25	from	5333	to	5,358	
Percentage age sixty and up	RISES BY	.03%	from	10.36%	to	10.39%	

Monthly counts of inmates by age group, Jan-2000 to Mar-2025

Y-axis of Twenties/Thirties/Forties/Fifties runs from 0 to 21,000. Y-axis of Teens/Sixty+ runs from 0 to 3,000.

Probationers in jail awaiting placement in facilities
March 20, 2009 through April 11, 2025
This graph shows, for each Friday since March 20 2009, the number of sentenced felony probationers who were waiting in jail for placement in facilities that GDC operates for housing probationers -- detention centers, probation residential substance abuse treatment (RSAT) centers, and probation boot camps. Counts include both those offenders sentenced directly from court, and those whose street probation was revoked.

Total probationers waiting in jail	...	...	...	**level**	**at**	**14**
. . . waiting for detention centers	...	...	...	**level**	**at**	**11**
. . . waiting for probation RSAT	...	...	...	**level**	**at**	**2**
. . . waiting for probation boot camps	...		...	**level**	**at**	**1**

The highest number of probationers waiting in jail was	**994**	**on**	**05-MAR-10**
... highest number waiting for detention centers was	**859**	**on**	**05-MAR-10**
... highest number waiting for probation RSAT was	**592**	**on**	**10-JUL-15**
... highest number waiting for probation boot camps was	**70**	**on**	**18-SEP-09**

State inmates in jail awaiting placement in facilities
March 20, 2009 through April   11, 2025
This graph shows, for each Friday since March 2009, the number of prisoners, probationers, and parolees in local jails who have been sentenced or revoked to state prison and whose documents have been received and verified by GDC. Most are almost immediately assigned to a diagnostic center, and are designated as in "admission processing". Of those a few hundred may be in the "transportation delayed" category because there is no room in the assigned diagnostic center, or because the inmate is being held for medical reasons, or for other court proceedings, or other reasons. Those remaining are "ready to be picked up".

Total state inmates waiting in jail	**RISE BY**	**32**	**from**	**772**	**to**	**804**	
... not yet assigned to a diagnostic center	**...**	**...**	**...**	**level**	**at**	**9**	
... total "in admission processing"	**RISE BY**	**32**	**from**	**763**	**to**	**795**	
... with "transportation delayed"	**fall by**	**2**	**from**	**171**	**to**	**169**	
... ready to be picked up	**RISE BY**	**34**	**from**	**592**	**to**	**626**	

The highest number of state inmates waiting in jail was	**5338**	**on**	**27-MAR-09**
... highest number not asg to a diagnostic center was	**2881**	**on**	**12-JUN-09**
... highest number in admission processing was	**4916**	**on**	**25-MAR-11**
... highest number with transportation delayed was	**645**	**on**	**14-JAN-11**
... highest number ready to be pickup was	**4435**	**on**	**25-MAR-11**

Female state inmates in jail awaiting pickup
March 20, 2009 through April   11, 2025
This graph shows, for each Friday since March 2009, the number of female state prisoners in local jails who were assigned to diagnostic centers but had not yet been picked up.

Female state inmates in jails waiting picked up   **RISE BY**   **21**   **from**   **42**   **to**   **63**

The highest number of female inmates waiting in jail was   **424**   **on**   **01-FEB-13**

The lowest number of female inmates waiting in jail was   **17**   **on**   **20-MAR-20**
