INFORMATIONAL HIGHLIGHTS

CRIMINAL INVESTIGATIONS DIVISION

The Criminal Investigations Division (CID) is charged with investigating any criminal allegation with a nexus to the GDC. The Special Agents and Criminal Investigators assigned to C.I.D. possess police powers and have statewide jurisdiction. GDC Agents are empowered to arrest individuals violating the criminal laws of the State of Georgia and to serve and execute both arrest and search warrants.

The GDC partners with the Georgia Bureau of Investigation in a joint training initiative to ensure all GDC Special Agents receive the nation’s highest quality investigative training. All GDC Special Agents are required to complete Basic Police Mandate Training, as regulated by the Georgia Peace Officer Standards and Training Council (P.O.S.T.).

ORGANIZED CRIME AND GANG UNIT

The Organized Crime and Gang Unit (OCGU) targets high-level criminal organizations that present a threat to the safety and security of the GDC institutional system and the citizens of Georgia. While supporting and leveraging relationships with federal partners, GDC Special Agents assigned as Task Force Officers to the Federal Bureau of Investigation (FBI) Safe Streets Task Force, the Drug Enforcement Administration (DEA), Alcohol Tobacco and Firearms (ATF), and the High Intensity Drug Trafficking Area (HIDTA), work tirelessly to disrupt and dismantle criminal organizations operating both inside and outside the prison environment.

CANINE OPERATIONS

The Canine Unit is responsible for enhancing public safety throughout the State of Georgia by providing prompt and effective canine support for the GDC, public schools, and local, state, and federal law enforcement agencies. The Canine Unit currently houses, trains, and deploys tracking and trailing canines, narcotic detection canines, cell phone detection canines, and explosive detection canines to support this diverse mission.

FUGITIVE UNIT

The Fugitive Unit’s mission is to recapture escapees and absconded offenders from GDC facilities, to include State Prisons, Transitional Centers, and Probation Detention Centers. Each Special Agent assigned to this unit possesses police powers with statewide jurisdiction. Through the GDC’s partnership with the United States Marshal Southeast Regional Fugitive Task force (SERTF), these agents also possess Federal authority.

INTELLIGENCE DIVISION

The Intelligence Division is comprised of two subordinate units: the Criminal Intelligence Unit (CIU) and the Digital Forensics Unit (DFU).

The Federal Prison Rape Elimination Act (PREA) was signed into law in 2003. The law calls for a "zero tolerance" and developed national standards to prevent incidents of sexual violence in prison. The GDC PREA Unit ensures the GDC is compliant with National PREA Standards at all GDC facilities. The PREA Unit conducts audits, provides case management, oversight & support, training, and data collection analysis.

ACCREDITATION SECTION

The Accreditation Section coordinates statewide efforts for the GDC to earn national accreditation, thus improving the agency's operational effectiveness and efficiency by aligning policy, practice, and procedures to established standards. The national accreditation and standards are continually revised to reflect best practices in corrections and law enforcement gathered from agencies across the United States. The GDC is currently obtaining national accreditation through the American Correctional Association (ACA) and has recently earned Central Office and Central Training Academy accreditation. ACA establishes standards in the following five major areas: Administration and Management, Physical Plant, Institutional Operations, Institutional Services, and Inmate Program Audits.
